25X1 ** [redacted] Comment. Major Litovka (fnu) presumably is supply officer of the 7th Gds Mecz Div. Kashlyukhenko is probably identical with a captain with the same name who was reported to have belonged to the Hq 8th Gds Mecz Div in January 1951. The other names are reported for the first time.

25X1 *** [redacted] Comment. Previous reports mentioned Leipzig-Eutritzsch and Wurzen as dispatching stations of food ration supplies. The large mills in Wurzen were regularly supplied with grain from the grain shuttle operation. [redacted] It appears that two large depots of the central administration for the procurement of agricultural products from Eastern Germany are located in Leipzig-Eutritzsch and Wurzen. This administration belongs to the Administration Section Food Ration Supply with the Hq GDFG. The traffic relations show that from there, the supply depots of the GDFG and armies are served.
